Government of Canada Cloud Procurement Working Group (GCCPWG)

Single Window for Onboarding

March 2020

Canada

Authors:

Ari Rizvi, Senior Director, Cloud Enablement (SSC)

Scott Levac, Director, Cloud Oversight (TBS)

Final v1.0

Introduction

- GC Cloud Procurement Working Group (GCCPWG) Overview
- Single Window for Onboarding
- Next Steps

GC Cloud Procurement Working Group (GCCPWG) Overview

Mandate

- To establish coordination and visibility of all cloud-related procurement activities and projects, to identify common issues, and to develop solutions to advance cloud procurement in the GC.

Core Principles

- User-centric.

- Self-service.

- Single window for onboarding.

- Fairness of selection.

- Monitoring/compliance.

Single Window for Onboarding (Rationale)

- Alignment to the GC Cloud Adoption Strategy.

- Alignment with the Cloud Operating Model (COM) principles endorsed by DMCEPP.

- Positive user experience/easy one-stop shopping.

- Enterprise approach to cloud.

- Clarity to industry/suppliers about where their services can be found.

# Single Window for Onboarding (Deployment Phases)

Short Term (before End of Fiscal Year 2020-21)

- Implement a splash page on the GC Cloud Brokering Services Portal listing all Cloud Supply Vehicles available in the GC.

Long Term (Fiscal Year 2021-22 and beyond)

- Implement online tools to interactively assist GC clients in choosing the correct supply option best suited to their needs.

- Options are currently being explored.

Next Steps for Short Term – Splash Page

- Seek necessary endorsements:
    - GC Cloud Procurement Working Group (GCCPWG). ✔
    - Cloud and Computing Network of Excellence (CCNoE). ✔
    - GC DG Cloud Governance. ✔
- Redirect GC Cloud Brokering Services Portal URL to new splash page.
- Link cloud supply vehicle splash page tiles to appropriate fulfillment sites.
- Inform industry/suppliers.

Target Completion for Splash Page: April 2021
