SUPPORTING CANADIAN PARENTS THROUGH COVID-19

- Parents need support during COVID-19: they have to manage child care and education often while working and managing their household
- The government of Canada already has educational resources that are written for teachers, parents and kids.

We intend to surface and promote this information for parents to use with their kids during this time at home.

TASKING

Step 1: Identify and tag key 10 kid activity containing web pages.

- a. Apply the designated metadata tags
 - Subject: Home education (GC core subject thesaurus)
 - Enseignement à domicile
 - Audience field: children
 - Enfants

Step 2: Confirm completion of this task through Slack Channel ([#parent-resources](#))

This could look like...

Response PCO: NIL pages listed and tagged.

Response DFO: 8 pages listed and tagged.

Do not tag content that is specific to COVID-19 parenting this is out of scope.
