

COMMUNITY OF FEDERAL REGULATORS VISION BOARD 2023

The CFR is a partnership of 34 federal organizations working together towards regulatory excellence

CFR VISION

"To enhance and sustain the capacity of the federal regulatory community through learning, partnerships and best practices"

CFR MISSION

"A regulatory community Canadians trust to maintain and strengthen their health, safety, security and prosperity in a sustainable society"

OUR EFFORTS WILL FOCUS ON

ADVANCING PROFESSIONAL EXCELLENCE

CFR will lead professional development by creating partnerships and shaping regulatory curriculum for the community

BUILDING A VIBRANT COMMUNITY

CFR will connect the community on pressing regulatory issues and enable knowledge sharing

SUPPORTING REGULATORY MODERNIZATION

CFR will mobilize the community in support of regulatory modernization initiatives and innovative practices

MAINTAINING A TRANSPARENT EFFECTIVE ORGANIZATION

CFR will engage partners, communicate on its activities and foster its organization viability

OUR TACTICS WILL BE

- Contribute to recruitment, retention and succession planning of regulatory professionals
- Build capacity for specialized regulatory professionals and advance foundational professional development and training
- Review regulatory competencies and career profiles to reflect current and future needs of the public service
- Foster networks of regulatory community around regulatory functions and topics
- Build the practice and share learning through events, forums and workshops
- Enhance use of digital tools for collaboration and professional development
- Support regulatory modernization and delivery of innovative approaches
- Lead and support exploration pilots in partnership with the community and innovation hubs
- Identify emerging best practices and approaches for modern regulatory management
- Engage governance and community leaders on key regulatory issues
- Strengthen CFR's online presence and delivery
- Develop and maintain strategic partnerships across jurisdictions to enable collaboration on shared strategic objectives

BY 2023, OUR EFFORTS AND TACTICS WILL RESULT IN

Regulatory professionals are empowered and equipped to respond to regulatory needs

Professional networks for pursuing, exchanging and applying best practices

Advancement of regulatory practice through exploration projects and in support of regulatory modernization

An outcome-oriented, stable and transparent organization making a recognized impact on regulatory organizations and professionals
