

Is there something about your work that just isn't working?
Thinking of ways to change the way things are done?
Do you want to learn about working in the Digital?

The Transformation Office can help!

Who we are

We offer a wide range of expertise to Programs to advance their transformation priorities; whether you are interested in finding new solutions to improve workflow, exploring funding opportunities, or enabling partnerships, we can help.

We will do this by focusing on transformation across the seven ROEB horizontal priorities:

How we can help

Our goal is to be your central hub for programs to push transformation.

By learning and collaborating together, the Transformation Office and Programs will improve ROEB's program delivery.
