Ottawa, ON K1A 0R5

Dear Ms. Sakr,

On behalf of the Department of National Defence and the Blueprint 2020 Team, I wanted to thank you for presenting at the GC Tools Workshops as part of our Workplace Engagement and Innovation Series.

Feedback from participants was overwhelmingly positive regarding your presentation. It was quite informative for all levels of users. Speaking for myself, and the Team, we were extremely lucky to have had you volunteer your time to make the workshop a success!

As the government evolves and adapts to an ever increasing technical environment, knowledge-sharing through training such as this, will be a critical part of our strategy moving forward. It is employees like you who set the example for others to follow.

Yours sincerely,

Stephen Burt
DND Blueprint 2020 Champion
