

# GCmessage (pilot\*)

- **Bring People together**  
GCmessage is available for everyone. Chat with teammates and partners.
- **Unlimited Talk**  
Create as many channels and messages as you need (for free)
- **No More Email Chains**  
Share information and receive feedback instantly.
- **Searchable History**  
Review conversations to learn the context of past and upcoming decisions.
- **Keep Data Secure**  
Canadian servers house your information.

## Get Your Team Online [message.gccollab.ca](https://message.gccollab.ca)

Start collaborating with your team on your desktop or phone.

Once you have a GCcollab account, download the Rocket.Chat+ app on iOS or Android devices, and connect to the GCmessage server: [message.gccollab.ca](https://message.gccollab.ca)

*\*We are currently testing Rocket.chat as the app to provide our GCmessage service for the GCTools. This is a pilot, also known as the development phase when the application is being tested by users to see if it can meet their needs.*
