VIRTUAL LEARNING SERIES

Even though CBC 2021 has come to an end, we encourage you to keep learning and working on your career path! The Virtual Learning Series (VLS) has regular programming to engage new, young and young-at-heart public servants in learning, networking and career development.

The VLS continues this February with Black History Month.

Partnered with the Federal Black Employee Caucus, we present a three-part series that explores the challenges faced by Black public servants at all levels. Join #FYNVirtual to hear their inspiring stories of courage, resiliency and success.

- 16th **Career Discussions with Newer Black Public Servants**
- 18th **Career Discussions with Senior Black Leadership**
- 23rd **Anti-Black Racism: Impact on Mental Health**

Watch our schedule for spring events: "Ask Me Anything" series in March and student on-boarding events.
