

Call to Share Stories of Renewal and Service

Colleagues,

You will recall that last year I asked you to share stories of how you were renewing the Public Service and serving the Government and Canadians.

I want to build on the momentum you have created and would ask that you continue to share stories of how public servants are demonstrating agility to mobilize around emerging priorities and experiment with new ways of doing things.

You may wish to ask your Blueprint 2020 Champion, your communications group and your employee networks to help with this call. It is important to hear from our employees, and engage them to tell their own initiatives to advance renewal. Our employees should share their stories with pride.

Throughout the year, I plan to continue amplifying as many stories as I can through social media and my website. I encourage you to visit [my website](#) to see how I am currently showcasing your stories. Similar to last year, I will also be drawing on the stories received to help prepare for my *Twenty-Sixth Annual Report to the Prime Minister on the Public Service of Canada*. I would encourage you to send us stories by November 30, 2018.

Once you have shared stories with employees and Canadians, it would be appreciated if you could send a copy to renewal@pco-bcp.gc.ca. For ease of reference, attached to this email you will find a guiding document.

I look forward to learning more about the exceptional work of our public servants.

Thank you,

Michael Wernick

Clerk of the Privy Council and Secretary to the Cabinet
