# What if ... businesses could offer verifiable proofs about their qualifications when transacting online?

Registry  
enables independent  
verification

OrgBook BC fills that role and ***unlocks*** the hidden value of BC Registries data.

Registration, permit, and license services can plug into incorporated businesses.

# The new enrolment experience is more convenient ...

Ultimately, Mary will hold the verifiable credentials for her business in a ***digital wallet*** ...

... which opens up even more service possibilities ...

... so that Mary  
can focus on  
what she does  
best.
