

Specialty Workshop: Can the Sustainable Development Goals Lead to Better Regulatory Outcomes?

In partnership with the Community of Federal Regulators (CFR), the Public Risk Management Institute (PRISM Institute) will be holding an awareness-building workshop on the Sustainable Development Goals (SDGs) with regulators and experts from across various levels of government. Participants will learn about the SDGs and Canada's commitments, understand why aligning SDGs with regulatory outcomes is important, and hear from leading speakers in the field through case study examples.

Agenda

Wednesday, May 4, 2022
